

HELP SAVE THE KITCHEN TABLE

The kitchen table is more than a place for meals; it's a place where families meet. But was the wood it's made from harvested sustainably? Used to be hard to tell. Now shoppers can look for the Forest Stewardship Council (FSC) label to make sure wooden furniture, and a variety of other products, are forest-friendly. WWF helped start the FSC to ensure that the world's forests are managed responsibly, and that people and wildlife who depend on forests can continue to do so long into the future. Help us look after the world where you live at panda.org/50
