The case for a Roadmap to a Nature Positive Economy

Presentation
Karen Ellis, Chief Economist, WWF-UK
What is a Nature Positive Economy

A global economy that operates within planetary boundaries* thus helping to achieve the goals of the Post 2020 Global Biodiversity Framework.

Increasing levels of nature over time.

The proposal for a Roadmap to a Nature Positive Economy

An inclusive, equitable and politically-mandated process to set out:

- A clear ‘vision’ of what an NPE looks like.
- The international architecture reforms required to drive an NPE.
- A strategic plan for how to implement these reforms
